## Free Imgur Crack + Activation Key

Free Imgur is a desktop application that gives you access to the latest Imgur images and GIF animations, log into your Imgur account, upvote and downvote photographs, as well as perform searches from a user-friendly interface, without having to resort to a web browser. Modern UI app for touch-supported devices It's a Metro app specially designed for computers with Windows 8, 8.1 and 10, especially mobile devices with touch support. You can download and install it quickly from the Windows Store, thanks to the fact that it's signed by Microsoft. Comfortable interface for browsing photos The Modern UI of Free Imgur adopts a dark theme with green tones, which create a pleasant, comfortable appearance for image browsing. In the "Home" area, you can view the most viral, top or user-submitted photos sorted by highest scoring, popularity, or newest first. Also, you can explore various topics, such as "Funny", "The More You Know", "Science and Tech", "Gaming", "Eat What You Want", "Aww", "Inspiring", "Awesome", "Creativity", and "The Great Outdoors". Explore and add Imgur images as favorites It's possible to perform a quick search function, log into your Imgur account to upvote and downvote images or GIFs, as well as mark favorites for quick access from a separate area. In addition, you can use the keyboard to navigate, view image comments, share Imgur links with your friends, and use a flipview to browse pictures. Simple and practical tool for exploring Imgur In our tests, it hanged on a couple of occasions while trying to load images. Furthermore, it doesn't integrate options for uploading new images to Imgur from your computer. Nevertheless, Free Imgur offers a simple and appealing interface for exploring the rich photo gallery of Imgur without resorting to a web browser. It has approachable options and it's free to use.
